OCTOBER 18, 2017 CHILD SEXUAL ABUSE CONFERENCE ~ 1-DAY

One in 10 children will be the victim of sexual abuse before their 18th birthday. Despite this alarming statistic, it's a silent epidemic that people are afraid to talk about. To prevent abuse, we need to break through the stigma and shame and talk about how the sexual abuse of children happens. It's the only way we will be able to prevent the number one health crisis that children face today!

A note from the Director ...

We are starting our membership drive and, with grants being hard to find, we are asking for your support with a new or renewed membership.

We rely on memberships to help with exhibits, events and our outreach program. We teach art to 11 counties in Montana, and bring many visitors to the area. We have had significant expenses over the last year and need your help so that our programs can continue. Please think about a membership and/or a donation. We appreciate all of your support.

Our Newsletters can be found on our website www.wtrworks.org, and click on the Newsletter tab. You can also see the upcoming exhibits, and educational opportunities for kids and adults.

We thank you for your generous and continued support!
