SUMMER KIDZ CREATE

Hello Parents and Young Artists,

I can't wait to see you all and get started on the 2020 Summers Kidz Create Program! I'm so pumped with the planned classes and I hope you are too! We had to make changes due to the COVID-19 to adhere to the social distancing and reduced capacity protocols in accordance with State guidelines. Due to the restrictive circumstances, classes for 5-7 year olds will not take place this summer. All classes will be held out doors and are subject to change. If the weather is an issue, changes might have to be made so please check Facebook and our website regularly. All class attendees must bring their own water bottles; if desired, attendees may bring their own face masks.

Let's be flexible, let's get excited, let's enjoy what this summer has to offer. I'm ready to have some fun and be creative! Come be creative with me!

All the best,

Ms. BB

Plein Air Painting

Plein air paintings are prized for their spontaneity and freshness. The French Impressionists took their materials outside and studied all the different light sources this world has to offer. Keep your fingers crossed for good weather as we plan to set up in the back of the museum to capture the beautiful Yellowstone River! All painting supplies provided. You may bring a stool or something you wish to sit on. We will have folding chairs. Also, if you have a painting easel, feel free to bring that as well. We will have easels that sit on tables.

Fiber Art Wall Hanging

Students will be given an assortment of supplies ranging from thread, yarn, and rope. We will be adding some wire, fishing string, ribbon, and anything we can weave and tie together. Contemporary artist Janine Antoni created a piece of work called Moor. Please take a look at her work and make connections to fiber art for an example. You may bring any materials that have sentimental value and incorporate into the weave.

Adults | Limit: 6 | Members: \$20, Non-Members: \$35

— Open Studio TBD —

Open Studio will be later determined depending on the state guidelines.

2D Room & Ceramics Open Studio Wednesdays | 5:30 - 8:30 pm

Both studios are open to the public during this specified time in the week. No prepared instruction will be provided by the education director. Rather, this is a time for artists or participants who are taking classes at the WAM to continue learning and creating on their own while using the excellent studio space provided by the WAM.

Use of the WAM studio facilities and supplies are free to the public; however the ceramic studio requires a fee. For more information about studio spaces and all other questions, please contact our education director, Bonny Beth L Olson.
