Mark Winkley
Miles City Animal Shelter
P.O. Box 910
Miles City, MT 59301

My name is Mark Winkley and I am writing on behalf of the Miles City Animal Shelter. Our organization in animal control provides the best possible service to the citizens of Miles City. The animal control unit was created because of dedication to the public. City leaders recognized long ago that local animal care and control services were needed for Miles City's residents. This division has resources to deal with the various animal complaints.

We are currently working on a project and trying to raise funds to replace the heating unit and adding central air for the Miles City Animal Shelter. As of present, we use a ceiling mounted shop heater and a window air conditioner. Our goal is to have a new 44,000 BTU furnace with central air installed. Both present units are aging and in need of constant repair.

We have current bids from several companies from the local area now and have been researching various avenues to acquire funding through donations. To make a difference, we rely on the support of generous individuals and businesses in our community. We would be most grateful if you would consider providing a donation to reach our goal of \$6800.00 to fund the project for our organization. Your support is critical to the completion of our latest project and we will gladly keep you updated regarding our progress should you desire.

Please contact me at mwinkley@milecity-mt.org if you are able to support our efforts to make a difference in the community. You may also contribute by <https://www.facebook.com/MilescityPD> or <https://milescitychamber.com/>.

Thank you so much for your kind consideration of our request and we hope to hear from you soon.

Sincerely,

Mark Winkley

are exposed to
secondhand smoke.

What You Can Do

Ask your landlord or apartment manager if smoke is drifting into your apartment. Ask them to make your apartment community smokefree. Ask family and guests not to smoke in your home. Ask for no smoking or vaping signs in your windows and doors.

More Information & Free Help

Ask the Apartment House Registry (AHR) for tenants who want to learn about smokefree housing. www.apartmenthouse.org/for-tenants

Even breathing it for a short time can hurt your eyes, lungs and heart.

Secondhand smoke and smoke from e-cigarettes can cause cancer.

Kids who live around secondhand smoke have more breathing problems, ear infections and delayed brain development.

Keep your family healthy and safe. Make sure smoking and vaping are not allowed in your apartment building or outdoor areas.
